Art Unit: 1712

## **DETAILED ACTION**

- 1. The Applicants' amendment filed on April 26, 2006 is acknowledged. Claims 1-6, 14-15 and 16-18 are withdrawn. Claims 11-13 and 27-28 are amended. Now, Claims 7-13 and 19-28 are pending for consideration.
- 2. The text of those sections of Title 35, U.S. code not included in this action can be found in prior Office Action(s).
- 3. Applicants should notice that the identifiers of Claims 27 and 28 should be "Currently Amended".

## Claim Rejections - 35 USC § 102

4. Rejection of Claims 7-10 and 19-26 under 35 USC 102(b) as being anticipated by Lubbers (US 5 739 245) is maintained because the rejection is adequately set forth in paragraph 5 of Paper No. 020406. Applicant's arguments have been fully considered but they are not persuasive. The focus argument related to the core patentability is discussed below.

Application/Control Number: 10/003,635 Page 3

Art Unit: 1712

For Applicants' argument (page 12,  $3^{rd}$  paragraph), note that Lubbers' polymer does have at least two moieties containing  $SiR^1R^2R^3$  groups that can be a siloxy groups because  $R^1$ ,  $R^2$  and  $R^3$  can be groups represented by formula V.

For Applicants' argument (page 12,  $4^{th}$  paragraph), the claim language of Claim7 does **not** require the presence of three-branched polysiloxane segments. Applicants further argue "wherein the terminal groups  $R_1$  linked to the Si atoms are selected from the group consisting of  $C_{6-36}$  aryl ether and  $C_{1-10}$  alkyl ether (which are not disclosed by Lubbers)". However, Applicants are reminded that  $R^1$ ,  $R^2$  and  $R^3$  in Lubbers'  $SiR^1R^2R^3$  groups can be groups represented by formula V.

## Allowable Subject Matter

- 5. Claims 11-13 and 27-28 are allowed.
- 6. The following is an examiner's statement of reasons for allowance:

The present claims are allowable for at least the following reason(s) over the closest reference: Lubbers.

Lubbers does not teach or fairly suggest the specific comonomers set forth in the instant claims.

Application/Control Number: 10/003,635

Art Unit: 1712

7. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a). A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kuo-Liang Peng whose telephone number is (571) 272-1091. The examiner can normally be reached on Monday-Friday from 8:30 AM to 5:00 PM. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski, can be reached on (571) 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval

(PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
